## So What is New?

'Heritage Resorts' a nature lovers delight, promoted by a family with expertise in Hotel management and Agriculture Engineering is designed to give you a most comprehensive environmental and cultural experience.

Where on earth can you be awoken to the call of rare migratory birds, watch fish in the shimmering lotus lake, see history reincarnated in the etched walls of ancient temples, ride out over acres of untouched hillside, relax in lush green gardens with waterfalls and still be a stones throw from civilization and have all the comforts and amenities of home? Here at Heritage Resorts you can.

## How To Reach

Our first priority is to preserve the surroundings in their present pristine form. Vegetables and fruits being used in the kitchen are grown in our own farms, devoid of any Chemical fertilizers, insecticide and pesticides. Thus the concept of green food has been introduced. Milk from our own cows and buffalows are free from any injectable growth hormones."

*-Jaswant Bhandari (Promoter of the Resort and a qualified Agriculture Engineer)*
